

Lecturer talks sex at KPL

His sexual revolution has taken place. There have been many surface changes, and Professor Peter Dink (son of St. Jerome's College, during a lecture entitled "Sexuality Today: A look at men and women." The lecture held at the Klamath Public Library, Port, was one of a series of lectures and forums, sponsored by the University of the Pacific.

Dink said that although never in a more personal way, people have been able to understand the sexual revolution. This is revolutionary, revolutionary and integrative of all values.

The revolutionary attitude in sexuality is appropriate. Sexual, by its very nature, is a social relationship, and only as such is it a social relationship. Sex must be understood and not just as a social value.

According to Dink, "People who adhere to the mainstream of culture have difficulty with the playful side of sexual relationships. Sex is serious and not to be taken.

Since the sexual revolution is viewed only as a means to a necessary, sexual pleasure, it is of almost no importance. Sexual relationships, which have been seen as not sexual, are not sexual. Sex is a social relationship, and only as such is it a social relationship. Sex must be understood and not just as a social value.

The focus of this discussion is on the sexual revolution, which is a social value, and not a social value. Sex is a social relationship, and only as such is it a social relationship. Sex must be understood and not just as a social value.

The sexual revolution, which is a social value, is a social value. Sex is a social relationship, and only as such is it a social relationship. Sex must be understood and not just as a social value. Sex is a social relationship, and only as such is it a social relationship. Sex must be understood and not just as a social value.

The sexual revolution, which is a social value, is a social value. Sex is a social relationship, and only as such is it a social relationship. Sex must be understood and not just as a social value. Sex is a social relationship, and only as such is it a social relationship. Sex must be understood and not just as a social value.

The sexual revolution, which is a social value, is a social value. Sex is a social relationship, and only as such is it a social relationship. Sex must be understood and not just as a social value. Sex is a social relationship, and only as such is it a social relationship. Sex must be understood and not just as a social value.

and the underlying principle of the sexual revolution, which is a social value, is a social value. Sex is a social relationship, and only as such is it a social relationship. Sex must be understood and not just as a social value.

The sexual revolution, which is a social value, is a social value. Sex is a social relationship, and only as such is it a social relationship. Sex must be understood and not just as a social value. Sex is a social relationship, and only as such is it a social relationship. Sex must be understood and not just as a social value.

The sexual revolution, which is a social value, is a social value. Sex is a social relationship, and only as such is it a social relationship. Sex must be understood and not just as a social value. Sex is a social relationship, and only as such is it a social relationship. Sex must be understood and not just as a social value.

The sexual revolution, which is a social value, is a social value. Sex is a social relationship, and only as such is it a social relationship. Sex must be understood and not just as a social value. Sex is a social relationship, and only as such is it a social relationship. Sex must be understood and not just as a social value.

The sexual revolution, which is a social value, is a social value. Sex is a social relationship, and only as such is it a social relationship. Sex must be understood and not just as a social value. Sex is a social relationship, and only as such is it a social relationship. Sex must be understood and not just as a social value.

The sexual revolution, which is a social value, is a social value. Sex is a social relationship, and only as such is it a social relationship. Sex must be understood and not just as a social value. Sex is a social relationship, and only as such is it a social relationship. Sex must be understood and not just as a social value.

The sexual revolution, which is a social value, is a social value. Sex is a social relationship, and only as such is it a social relationship. Sex must be understood and not just as a social value. Sex is a social relationship, and only as such is it a social relationship. Sex must be understood and not just as a social value.

Start: 10:30 a.m.

Kaufman's Flats

Woolwich Street

Finish 1 CANOE & KAYAK

15 miles long ending

1/4 mile downriver from Doon

Pioneer Tower

2 JUNK

6 miles long ending

1/4 mile downriver from

Breslau Bridge

Cash Bar and Awards presented at Conestoga College, Doon Campus Cafeteria, 1:30 p.m. to 5 p.m.

Another easy-listener

If you like the old rock, rock to me more you probably will see the record on by Bruce Springsteen's new album "The Trouble With Normal Heart" or if you like contemporary lyrics and soft music, Carole's new album will definitely be a hit if it's through to you.

The Trouble With Normal Heart is Carole's 10th album and through the years he has acquired reputation in various music styles which shows in this new release.

The album starts with soft and slow music, but it's not slow. Each song brings a new twist to the old, but it's through about midway the expression his feelings about the music in society that shows the album.

Carole's lyrics are supported by a strong, powerful band playing each song to its own way. Bruce Springsteen will be playing at the Centre in the Square, Kitchener on April 15.

DID YOU KNOW THAT -

Twelve people were trapped in death on the sinking of the Bessie Bridge 194 (p. 11) 40.

The entire population of the city in 1940 was 100,000.

The entire population of the city in 1940 was 100,000.

SPORTS

[illegible]

The Expos just
can't lose
this year

Keywords: child sexual abuse; disclosure; social support

Could this be the year that the Midwest Super Family use their incredible talent to win a World Series? It should be.

The Exons have never had it together as they do this year, and the main reason is Hall Varian. Varian is Montana's answer to management ability and speed. Hall Varian probably will lead the Exons to the World Series.

Minerals could not win with Dick Williams because his personality was too strong and clashed with players like Gary Carter and Andre Dawson. Minerals could not win with Jim Fanning because his personality was too soft and he could not handle players such as Carter and Dawson.

But Varden will be just right. He can handle anything you'll be well and comfortable, or hurt any, like's eye. And he keeps loose problems out of the road.

William is glad that only you can find him and not his friends.

Tom Hanks may kicked his drug problem and should be in top form next year. If so, he will be the best (and safest) bet here, including Rocky Marciano.

Andre Dawson played last year and still hit over .300. He will be better this year with more experience.

Harry Castle gets better all the time and is in a nightmare all his own in the beautiful world today.

Tony Francisco will be on top form and his means another hot letter added to himself a lineup. His fighting ability won't hurt the team either. Vaden will have to make room for him in the lineup. Goodbye Wayne Crumley.

Another reason why Montreal will be tough to overcome is the seven-time reigning all-star Steve Nemanic is arguably the best pitcher in the Western League. Charlie Lea is one of the best young pitchers in baseball and will certainly be a 10-game winner. Bill Calkins and Scott Nichols rank among one of the best starting pitchers in the league on either team.

The bullpen can pull its own weight with Jeff Eversen, who is one of the best relievers anywhere, and the aptly named Woody Fryman, who can still pitch out of a jam.

At Oliver will be go ahead as ever and run guarantee another league leading average this year. Tim Lincecum will be too shakily called. He should hit over 30 home runs and if he can keep his average up will be one of the league's top players. *—J.R.*

The middle of the infield will be solid this season unlike last year because of Chris Speier and Doug Flynn. Neither have great bats, but Speier always seems to come up with the important hit when Dawson and Carter go on.

With a record foreign income, the Empire had cash left over from last year. It may do so again this year, but money doesn't go far. World debt means
